

Enclosed please find a copy of a Release Authorization. This document is to be used in the event that a supplier may not be able to continue service to a customer because of supply or other extenuating circumstances.

This document becomes a permission certificate to be signed and documented by the serving gas supplier giving permission to service an account by another supplier.

Notice that this release has a termination date, which maybe extended using an additional form documented and signed in the same manner as the initial agreement.

**RELEASE AND AUTHORIZATION OF LIQUEFIED PETROLEUM GAS
(PROPANE) SERVICE REQUIREMENTS UNDER KRS 234.190(2)**

I, the undersigned, _____, as a duly authorized official or agent of _____ (the “Company”), a marketer or supplier of liquefied petroleum gas (propane) licensed pursuant to KRS Chapter 234 in the Commonwealth of Kentucky, possess the authority to legally bind the Company and execute this Release and Authorization (the “Release”).

WHEREAS, the Company is currently experiencing a supply shortage and is unable to secure supply for its customers;

WHEREAS, KRS 234.190(2) provides that “no person shall dismantle, evacuate, service, relocate, make or break connections to, or deface any liquefied petroleum gas container or its regulatory equipment unless the container or its connection are owned by the person or the action is authorized by the owner of the container.”

WHEREAS, because the Company will not be able to secure deliveries of propane and its customers are likely, if not certain, to experience property damage and/or physical harm without propane.

IT IS AGREED that the Company hereby releases and authorizes other marketers or suppliers to supply propane to the Company’s customers’ tanks from the date of the signing of this Release until _____ (the “Release Termination Date”). In the even that the company is unable to secure supply for its customers prior to the Release Termination Date, the Company will immediately contact the Commonwealth of Kentucky, State Fire Marshal’s Office, Hazardous Materials Section at 502-573-1702 and execute a new release.
